

Jofam Announces Appointment of Karl Bokvist as Investment Director

June 17, 2026

Jofam AB today announced the appointment of Karl Bokvist as Investment Director. In this role, Karl will be responsible for identifying, evaluating, and managing investment opportunities across Jofam's portfolio, while supporting the company's long-term value creation strategy.

As Jofam continues to pursue new investment opportunities across industries and geographies, the company is strengthening its investment organization to support future growth and active ownership.

"Jofam has always focused on building long-term value through entrepreneurship, disciplined investing, and active ownership. Karl brings a strong combination of analytical rigor, sector expertise, and strategic perspective that will further strengthen our capabilities as we continue to develop and expand our portfolio," says Per Josefsson, Chairman of Jofam.

Karl Bokvist is currently a Partner at ABG Sundal Collier in Stockholm where he has worked as an Equity Analyst for nearly ten years. He joins Jofam with extensive experience primarily in equity research and corporate finance. Throughout his career, he has worked closely with investors, entrepreneurs, and management teams to identify and evaluate investment opportunities.

"I am excited to join Jofam and contribute to the company's entrepreneurial culture and long-term investment approach. Jofam has built an impressive track record as an active owner and investor. I look forward to joining a team I highly respect and working together to support our portfolio companies and evaluate new investment opportunities," says Karl Bokvist.

Karl Bokvist will assume the role of Investment Director during the second half of 2026.

About Jofam:

Jofam AB is a privately owned investment company controlled by the Josefsson family. Jofam focuses on supporting entrepreneurs, boards, and management teams in building outstanding companies that create long-term shareholder value. As an active and engaged owner, Jofam contributes its expertise while recognizing the importance of strong, long-term partnerships.
